

Dear Sheikha Husa,

Please accept my deepest sympathies about your great loss, the art world's great loss, your country's great loss. My friends on the MFAH's Art of the Islamic Worlds Subcommittee and I value the immense contribution you and Sheikh Nasser have made to the world of Islamic art and, more immediately to us, those many who are blessed to savor and learn from the works you've loaned to the MFAH. We consider you our treasured friend. When you are sad, we are sad with you.

Bless your large and caring heart.

With great respect and admiration,

Franci Neely
