

Dear Sheikha Hussah,

I was so shocked and saddened yesterday to hear that your beloved husband Sheikh Nasser passed away yesterday. Please accept my heartfelt condolences!

Although I was aware of his previous health condition, I had hoped that he would be alright for some time to come. I can only begin to imagine the sense of loss you and your children are feeling. I wish you much strength for the coming days and weeks... my thoughts are with you in Kuwait right now.

I remember Sheikh Nasser so well (going back to our earliest years in Kuwait) as a warm, kind and charming man with sparkling eyes and a lovely smile. This is the picture of him that will always stay with me.

May his soul rest in peace.

Thinking of you all,

Nora
