

I have known Sheikh Nasser And Sheika Husa since 1974. Our friendship
We spent happy times and sad and worried times .continued till now
But the most poignant part was Sheik Nasser's .through the years
devotion to his country; caring for his people's welfare.
It was never done to advertise himself. He never talked about what he
donated to his nation, nothing in his name for his glorification like many
others.

He was the most wonderful, caring friend. Always there without asking
Loyalty and humbleness .when you were in need of his advise and help
were his greatest qualities.

With his loss, not only his family and friends, the nation lost a wonderful
human being. All who knew him will miss him deeply. His optimism and
joy of life gave all who knew him hope.

which is sister in Turkish *Abla* I am proud that he called me.
Nasser, you will always be in our hearts.
