

Dear Hussah,

Forgive me for sending condolences by email but I just heard about Nasser's passing. I am so saddened to learn of this news. What a huge loss to you and your family and to the country he loved so dearly. I had hoped to see you both again in 2021 if the virus was finally under control, now memories must suffice. I hope that you and your family will accept my condolences for this terrible loss.

He was such a great mentor to so many people, so patient given his enormous responsibilities and so loving and joyous when I saw him with his children and grandchildren but also with his wonderful collections. His memory will be always be a blessing among us.

With warmest wishes,

Sid
