

Dear Sheikha Hussah,

We were dismayed to learn that Sheikh Nasser passed away much too early. We express our deepest compassion. Sheikh Nasser has done a lot for our field together with you and you were the first in the Gulf region to make the love of Islamic art publicly accessible. The Dar al Athar al Islamiyyah was a milestone in 1980 and is a lasting legacy for the generations to come. There are many parallels in the collection to the purchases made by my predecessors in Dahlem and we therefore feel very connected to Kuwait.

On behalf of all employees, our condolences. We wish you strength and confidence in this difficult time!

All my best wishes

Yours

Stefan Weber
